## AUTHORIZATION AND RELEASE

To the best of my knowledge, the above information is complete and correct. I understand that it is my responsibility to inform my doctor if I, or my minor child, ever have a change in health.

If I have dental insurance, I assign it/them directly to Rapha Dental all insurance benefits, if any, otherwise payable to me for service rendered. I understand that I am financially responsible for all charges whether or not paid by insurance. I authorize the use of my signature on all insurance submissions.

The above named dental office may use my health information and may disclose such information to the Dental Insurance Company(ies) and their agents for the purpose of obtaining payment for services and determining insurance benefits or the benefits payable for related services. This consent will end when the current treatment plan is completed or one year from the date signed below.

### **Office Policy regarding Appointment Change or Cancellation Notice Requirements**

Please understand that at Rapha Dental, your dental appointment reserves valuable professional time, not only our doctor but with our entire staff. Your appointment time is reserved exclusively for you so that we can provide you with our undivided attention.

We respect the value of your time and kindly request that you respect and value our time as well. Because of the individual nature of each appointment, a 48 hour notice is required for any cancellation or changes that may be required to your appointed time.

My signature below indicates that I understand the value of this appointment and I am willing to accept these requirements. I also understand that I will be responsible for \$89 charge if such notice is not given.

## Informed Consent for Dental Treatment

If you have any questions, please ask your doctor prior to initialing

### 1. Preliminary Consent for Treatment

I understand I may have any or all of the following done today: Exam, Radiographs “X-rays” and cleaning “Prophylaxis”

### 2. Medications, Substances, Local Anesthesia, and Medical Conditions

I understand that antibiotics, analgesics, “Pain medicines”, anesthetics, latex and other substances can cause allergic reactions, resulting in redness and swelling of tissues, itching, pain, vomiting and/or more severe allergic reactions. Risks, Benefits and Alternatives of local anesthesia including but not limited to temporary/permanent paresthesia were discussed. I have informed the dentist of any known allergies and/or medical conditions, including possible pregnancy.

### 3. Changes to Treatment Plan

I understand that during treatment it may be necessary to change or add procedures because of conditions found during treatment that were not evident during the initial examination. Some of these changes are, but are not limited to, root canal therapy that is necessary following the placement of “deep fillings” or Crowns recommended after placement of “large fillings”. I authorize my dentist to make any changes and/or additions to my treatment plan as necessary

### 4. Dental Benefits

I understand that treatment that my dentist recommends is based on what he/she determines is best for my dental health, and not necessarily based on what an insurance plan will pay. Therefore I understand that my insurance (if any) may not cover all aspects of my treatment plan and I will be financially responsible for any treatment not covered by the insurance plan. I understand the treatment plan proposed to me is an estimate of insurance benefits and my actual coverage may differ due to frequency limitations, group coverage, incomplete information provided by my insurance company, etc. I also acknowledge that I am responsible for any balance remaining in the event that my insurance coverage is terminated for any reason. In the event the account goes to collections, patient will be responsible for a minimum \$20 collection fee.

I understand dental treatment has potential risks and consequences. Likewise, so does the refusal or denial of dental treatment. Untreated conditions may lead to pain, swelling, infection, tooth loss and/or other severe consequences. I understand that dentistry is not an exact science and that no exact results can be assured or guaranteed. I have had the opportunity to have all of my questions answered by my dentist.
